Relieve your stuffy nose and sinus pressure with Benzedrex Inhaler. This nasal decongestant provides temporary relief of nasal congestion caused by sinusitis, hay fever or the common cold. Specially formulated with propylhexedrine, lavender oil, and menthol, Benzedrex promotes nasal and sinus drainage and temporarily relieves sinus pressure.

INGREDIENTS

Active Ingredient: Propylhexedrine 250 mg
Inactive Ingredients: Lavender Oil, Menthol.

DIRECTIONS

This product delivers in each 800 milliliters of air 0.40 to 0.50 milligrams of propylhexedrine. Adults and children (6-12 years) with adult supervision: 2 inhalations in each nostril not more often than every 2 hours. Children under 6: consult a doctor.

Other information:

- This inhaler is effective for a minimum of 3 months after first use.
- Keep inhaler tightly closed.
- Store at 59° - 86° F (15° - 30° C)
- Mfd in USA for B.F. Ascher & Co., Inc.

USES

Temporarily relieves nasal congestion due to a cold, hay fever, or other upper respiratory allergies (allergic rhinitis).

WARNINGS

DO NOT EXCEED RECOMMENDED DOSAGE.

This product may cause temporary discomfort such as burning, stinging, sneezing, or an increase in nasal discharge.

The use of this container by more than one person may spread infection.

Use only as directed.

Do not use this product for more than three days.

Frequent or prolonged use may cause nasal

congestion to recur or worsen.

Ill effects may result if taken internally.

If pregnant or breast-feeding, ask a health professional before use.

KEEP THIS AND ALL DRUGS OUT OF REACH OF CHILDREN. In case of overdose or ingestion of contents, get medical help or contact a poison control center immediately.

AVAILABILITY

One Benzedrex Inhaler per package.
